I think we could talk through this much easier than shooting emails back and forth. Would who ever is appropriate give me a call on my mobile soonest. Our contractor needs to have a draft plan to us by tomorrow and this part of the plan needs to be in their hands pretty quick if they are to meet their deadline.

thanks
Rich

Rich,

Attached is a list of the methods that our laboratory could provide to support the Dimock, Pa. sampling. Please let us know if you have any questions or need further information.
